Beefsteak Tomato

Palitos de Carne de Tomate

Big, thick, juicy slices of garden-fresh tomatoes are one of summer's most delicious pleasures. Our Beefsteak variety produces huge, sliceable tomatoes that are especially tasty on hamburgers, or stuffed with chicken or tuna salad. Or enjoy them southern-style, between two slices of bread spread with mayonnaise and sprinkled with salt and pepper. Dice for salads, or in fresh salsa with our complete garden.

Jalapeño Pepper

Chile Jalapeño

Fire up your cooking with these peppers, first discovered in Jalapa, Mexico. They have a fiery flavor, and are a versatile addition to nachos, enchiladas and burritos. Jalapeños can be eaten green or red, and they create a wonderfully complex taste in sauces and dips. Turn up the heat in soups and stews, or if you're adventurous, serve them straight on a relish plate.

0072 \$8.50

Cilantro

Cilantro

Cilantro is the leaf of the young coriander plant, cultivated throughout history. It is an essential ingredient in Tex-Mex dishes, and imparts a fresh taste to salsas and bean dips.
