LIL' SHOPPERS SHOPPE® CHECKOUT MADE EASY!

We are excited to offer your school a simple price coding system that will make check out FAST & EASY!

No more memorizing the prices of over 100 items!
Here is how it works!

Over 90% of our merchandise will arrive coded with a number printed on it. The number or code will correspond to a specific retail price point. You will now only have to refer to the number on each item to find out the price. The coding will work if you sell the items at the service price or if you mark up the merchandise for more profit - Either way. The important thing is, it will make it faster and easier for anyone to work at the checkout counter!
